The Lady:

Although often said this girl does look better than her photographs which do not do her justice. She is a tall slender fit young girl with some tasteful ink markings and striking coloured hair. The sort of girl who when she enters a room that everyone takes notice of both men and women.

The Story:

On this occasion I had booked Jessie for a duo with Lottie having both seen these girls previously as solo appointments. I was delighted to learn from the Agency that because of this they termed me a loyal customer and therefore entitled to a £30 discount. From what took place I would have been more than happy to have paid the full price.

They both list mild domination and strap-on on their profiles and I thought as a fantasy booking it would be fun to let both girls play with me. They certainly lived up to my expectation and more. Jessie is an expert in knowing what you might want and can be a real tease in delivering it. They quickly had me naked with my hands tied behind my back in front of a full length mirror whilst Lottie gave me oral and Jessie caressed and kissed my back. I was then placed on the bed on all fours and whilst sucking and licking Jessie's beautiful breasts and pussy was expertly entered by a strap on from Lottie. They then reversed the roles and Jessie used her strap on. I do not if it is because Jessie is bi but she uses a strap on like she invented it. Jessie did just enough to tease and keep me on the edge until I was begging for her and she knew it. She then had me on my back giving me a fantastic blow job at the foot of the bed and kept looking up at me with those big eyes of hers as she did so.

If mild domination is not your occasional fantasy don't worry Jessie has many other services she provides.
