### The Story:

Took a little longer than required to find the place as I am new to town on a business trip in this part of the world. She's as patient as can be in guiding me to the agreed location.

Settled down with drinks and intense tongue action and got on with the usual stuff and little did I know how that evening was going to end eventually. It was a hell of an experience and kudos to her for opening doors (pun intended) to uncharted territories.

This lady knows what she's doing and how to please, she will leave you spellbound when you leave and have you yearning for more.

Should you swing by my path again, I'll love to see you once again.
