The Story:

I was attracted to this girls profile in a previous report because it stated she was thin. I happen to prefer skinny girls, just my thing.

Phoned for an appointment and was asked to call when outside. Did this and she opened the door dressed in a dressing gown. Steep stairs to the first floor. Into the flat and state my needs which are simple, I like to lick their pussy before sex, the emphasis being on me licking then. No problem was the response. Paperwork done and off with clothes. She had a condom on me immediately and started to suck me enthusiastically, so much so that I had to stop her after a minute. I had her lay on the bed while I went to work on a lovely little trimmed pussy. Tasted as good as it looked. No complaints from her at all as I licked and probed her with my tongue. Even got an occasional appreciative noise. Played with her beautiful little tits. Had to try her out after a while and lifting her legs to her chest I entered her. She was tight and not deep enough to take all of my length. After a few exploratory thrusts I knew I was not going to last long and blew my load into her. Fantastic.

She was in no hurry to dress after she cleaned me up and was happy to walk around naked allowing me to admire her body as I dressed. I told her I would visit her again and I certainly will. A fantastic punt for £30 if you like small skinny chicks with little tits as I do.
