The Premises:

Easy to find with Lydia's directions. Safe though unglamorous area. Her flat is clean and pleasant.

The Lady:

As described in her profile. On the larger side, and uses her body generously and to great effect. Dispelled my slight prejudice against those more resembling EL James than JK Rowling in figure (disclaimer - neither of these are in any way associated with this review). As can be gathered from her contributions to websites, a woman of intelligence and wit.

The Story:

This was my most adventurous punt. Lydia was incredibly skilled, amusing, reassuring and confident as, among other things, she inserted things in me in a way I'd never had them inserted before. My breath was taken. Afterwards we had an interesting talk, as if we had just been having a coffee. Before this fairly early appointment I had thought about visiting other ladies later that day, but was so emotionally and physically elevated by the experience that I scrubbed that idea.
