The Premises:

Basement flat in decent quiet area. Electrical fault on lighting circuit so only candle light in bathroom. Shower floor littered with bottles and a razor so poor light extra hazardous. Flat otherwise OK.

The Lady:

A competent service provider, generally very shapely with only a tiny bit of extra flesh on the tummy (I am very picky about tummys, bit like Craig Revel Horwood and hand shaping)

The Story:

Only flaw would be that she did not offer A early in the encounter. I asked about A towards the end of the encounter and the answer was basically yes no problem but by that time I was flagging and although penetration was achieved there was no way I was going to achieve a climax. Probably my own fault for not having the nerve to ask about A at the start or early on for fear of putting the lady off and spoiling the rest of the encounter. Would maybe see her again for a shorter encounter (2 rather than 3 hours)and ask about something a bit more PSE rather than the very good GFE that I received. (Looks 8.00/10; Service 7.50/10)
