The Story:

Met Nicole late on Saturday night, this was my 6th time visiting this beautiful person.

I had a great time with Nicole, as I always have.

I asked if we could try a few different things this time and Nicole was very happy and very willing to do everything I asked. Once again she made me feel as if I was the most important person in the world and we tried a few new things that I had not experienced before and I will be back to try them again !

I can also point out that Nicole and the agency has been telling the truth about what she does do and does not do. Thanks once again for everything.
