The Premises:

Basement flat close to tube. This was a reasonably clean "girl in the phone box" flat. It goes without saying, however, that the room was dimly lit and the room overheated.

The Lady:

The card advertised Lola Black Model but the girl I saw said her stage name was Beyoncé and claimed to be half Brazilian half Jamaican and that she was 27.

The Story:

Beyoncé was pretty and looked like a more attractive version of Whoopi Goldberg. We enjoyed some light kissing on the mouth. No tongues allowed, which was a pity cos her lips were incredible. She had just had a shower and her pussy tasted good when I ate it. She gave me a quick suck and on with the condom. I pumped her up in mish before emptying my load. It was an average punt, I wouldn't say it was VFM but I didn't leave the establishment feeling I had been mugged.
