The Premises:

Well known establishment in Earls Court. Area perfectly safe at all times. Is a well equipped dungeon with mirrors, a large bed and various saddles, crosses etc. Very clean and excellent washing facilities with fresh towels etc. Parking not easy but near tube. I parked in Sainsbury's on Cromwell Road and walked.

The Lady:

Probably about 5'7" tall but difficult to tell as was wearing high heels. Dressed in nice underwear she was stunning as ever. Blond hair, smallish breasts and long legs.

The Story:

I have been to see Amy before and had decided that I wanted her to cane me. When we met she asked if I'd been before and for some reason I said I hadn't. She said she would take it easy but I told I wanted a hard caning.

First she tied me to the bed in a star shape and she got me nice and hard before caning me with a small cane. This was overture before the main event. Here, she tied me to a spanking horse type of apparatus, and gave me one stroke before deciding that I needed gagging. She then continued and gave me 11 more hard strokes of the cane. This was very painful.

She then released me and tied me to the bed again. Getting on top of me she moved into a 69 position, and sucked my cock while getting me to lick her arse and pussy which was heaven. Next she got on my cock and fucked me in reverse cowboy. I told her I could fuck her with more effect if she released me. She did and I fucked her from behind showing her what I'd got as she asked me to do. I finished somewhat out of breath on top and fucked her to my conclusion.

She gave me an excellent caning - the marks were quite alarming, took nearly a month to go and were a reminder of a memorable evening. Thank you again Amy you lovely girl.
