The Premises:

Well known premises at Fenny Stratford. Very easy parking in car park right outside. As always clean and well managed. Showers are much better than they used to be. Also seems to be an additional mirror in the room I was in that was strategically placed and gave a good view of Poppy doing the massage if I looked in the right direction. A very warm and friendly welcome from Millie the receptionist who I had not seen for some time. Sadly Millie herself does not give massages but I suppose I can always dream although the main purpose anyway was to see Poppy.

The Lady:

Poppy is Polish but with very good English and we had little problem in communicating with each other. She has quite a sexy accent. Poppy was wearing a black tunic or short dress and as I saw when she put them back on again at the end very brief bras and panties. Probably about 5 feet 5 tall with medium length blonde hair which was tied back. She told me she is 27 and I have no reason to disbelieve that although she could pass for being a bit younger. A very well proportioned body which I could not take my eyes off with curves definitely in all the right places with natural quite large breasts. She has a very friendly personality and I felt completely at ease with her. Also intelligent and interesting and knows what she wants out of life which is good. Photos are accurate but don't show how stunning Poppy is in real life particularly without clothes on.

The Story:

I was shown to the room by Millie and offered a drink. Poppy bought me a glass of water. I had a quick shower and by the time I was out Poppy had taken all her clothes off apart from black long socks or pull up stockings (sorry not very familiar with ladies clothing). I lay face down on the massage table and Poppy gave a very comprehensive massage firstly of my back and then my legs and she certainly knows what she is doing in relaxing and relieving aching muscles. While still lying face down Poppy gave a body to body massage and she certainly uses her ample breasts very effectively and it was heavenly to feel them rubbing up and down my body. She also has a great technique using the ends of her fingers or perhaps it's her finger nails running them very slowly, gently and sensuously up and down my body including little incursions at the top of my inner leg in the most sensitive places. I was in heaven again. Then I heard the magic words from Poppy - it is time to turn over. She repeated the light, slow and sensuous movements with her fingers on various

bits including my nipples before moving further down. Poppy was happy for me to touch her on her boobs and bum although I did not try to venture any further than this. She had the knack of keeping me on the edge and then slowing down a bit until eventually the inevitable happened and I could last no longer. Then a bit of help from Poppy in getting me cleaned up and back in the shower.

I have seen a few ladies at Ego now and they are all very good. However, Poppy is really outstanding and a very special young lady. She provides an excellent massage, has a great sensual technique both with her fingers and in the body to body massage, has a fantastic body herself which I could have just looked at if there had been more time and is a really nice young lady who is intelligent and very easy to get on with. It is the combination of all these qualities that make her special. Sadly, the distance I live from MK means I can't get to Ego on a regular basis but I will definitely be back to see Poppy when I can.
