The Premises:

Angelica's flat is in a well known part of Paddington and very easy to find. Is is fairly discreet and if you text her as you are leaving Paddington Station she will meet you at the main door to let you in.

The flat is quite large and felt very safe.

The Lady:

Angelica's pictures are so heavily photoshopped that they do not do her any justice. She is far more beautiful in real life. She is gorgeous and any man would be easily smitten by her sultry eyes and cute smile.

The Story:

It was a pleasure to have such an intelligent conversation rather than the "normal" small talk that an escort tries to do.

Considering she is around 12 years my junior she easily puts me to shame with her intelligence and world knowledge and experience :)

Her written English is a bit haphazard but despite what she says her spoken English is great. Yes she does mix up some words but that is part of her charm and I love her accent.

Services are as listed. I'm more a vanilla kind of guy on a first date but she was at ease with everything we did and could win awards for her DFK

She is the most friendly escort i've met. She detected that I was very nervous and did everything to make me feel relaxed and comfortable. She was so outgoing and friendly that it made you forget that it was a paid encounter. I sometime feel a little guilty about what i do but she has really got her head screwed on. She knows what's she's doing, what she's doing it for and what her end game is, so she's entirely at ease with what she does.

Angelica was on time for the meeting and drinks/chocs and a shower were freely made available.

Did she enjoy the meeting, was it spontaneous or part of a well rehearsed act? You can never be really sure but the most important thing is that she made me feel not only welcome but calm and relaxed and most of all she did seem genuine.

Yes I know this may come across as slightly fluffy but for me she really is the kind of girl i'd like to meet in real life. I know it's an old cliché but she is my kind of perfect lady, although i'm under no illusion that i'd have no chance in real life of meeting such a lady.

Will I see her again? This is a hard one as I could easily be hooked which is never a good thing. I'll most likely see her again in early 2015 to celebrate a special day and then that will most likely be the last time.
