The Story:

Well apart from the fact that I am a month late with this review, we had a fantastic time together and I slightly over ran the two hours because we just couldn't let each other go. Always one last kiss, one last cuddle. Sam is gorgeous you just want to wrap your body around her to make contact with as many places as possible all at the same time. Her accent is soft but unmistakably from the North West, I could have just spent most of the time listening to her. She was very much engaged in the moment and gave me one of the best GFE I have ever had. We said all the right things as I left, that there would be a second date etc and what a wonderful time we had. But just so Sam knows, while I don't live near Manchester, my next date is already written in my diary and I will be in contact again as the time approaches.
