The Premises:

Kayla's place is indeed on a quiet residential road off a main road: a modern terrace, with plenty of on street parking available. She met me at her door and invited me into her living room, where we dealt with the formalities, payment of fee, etc., and offer of a drink (coffee, in my case) before she invited me upstairs. Kayla is very fond of cats, of which she has several, but none are permitted into the room where she entertains her clients. She also has a large fish tank housing a collection of tropical fish, but not to feed the cats, apparently.

The Lady:

What you see on Kayla's website is what you get.

Being a striptease enthusiast I asked Kayla to undress for me, which she did. Naked, she has a body to die for. She's into wearing body jewellery, including in those important little places. She has curves in all the right places, a pair of gorgeous, natural tits, a well rounded, shapely bottom, which comes with a lovely lickable cleft (I checked). She has a beautiful shaven fanny, Brazilian style, forming a neat little cleft between her legs (my favourite, and also lickable)

The Story:

Kayla is a good kisser and was very responsive to my caresses. I could feel her very wet as I caressed her intimately before going down on her and performing a full gynaecological inspection with lips and tongue, essential tools for the gifted amateur. The sex itself was great: a passionate woman, she clearly enjoys her work. Kayla is also a good companion intellectually as well as physically, and it was good to talk with her in those quieter interludes, kissing, caressing and petting.

Kayla gives a great Girlfriend Experience, and I was very glad that I came, which I did, copiously.

One last point; I love and adore women, and always treat them with respect and consideration, an approach which most women respond well to, and in this Kayla was no exception. Very much looking forward to seeing her again.
