The Story:

I arrived just slightly after the agreed time. I had called ahead as requested to advise that I would be a little late due to the traffic. I had a quick shower then waited for Isabella, who eventually joined me in the room at about 5.40. The usual standard back massage to start with then she quickly turned me over. I was quite hopeful at this point, as too many girls are happy to spend as much time as possible on the back massage.

However the front massage was equally brief, and I had my first feeling that this wasn't going to be a good experience, when Isabella didn't seem to want me to touch her nipples, let alone suck them. Covered oral then followed. I suppose I should have reminded her that her page on the site says that she offers OWO, but I didn't want to make an issue. I then said that I wanted to lick her pussy, which I particularly enjoy. It tasted very good and I would have been happy there for a while, but after a short time Isabella indicated that she wanted me inside her.

After I had finished and recovered, I dressed and was out of the door at about 5.55. Now I appreciate that it was late in the day and doubtless she wanted to get home, but I felt that Isabella totally rushed me. Her page on the site also stated she does CIM and facials. As she wouldn't even let me fondle her tits, somehow I don't think these would have been on offer, even if I had asked. Of course there's the usual disclaimer saying that the likes of these are at the ladies discretion etc. but I was clean, polite and am not overly big (unfortunately!).

I am not a regular punter so I don't think the establishment will miss my business, but I shan't go back there.
