The Premises:

Very nice secluded house.

Room a bit small as the main one had been flooded, but it was nice and intimate!

The Lady:

The most sexy adorable little 19 year old English brunette with perfect boobs and a lovely face and smile.

The Story:

Angel came in wearing a body-stocking that showed off her figure to perfection, though this was soon removed and we started kissing and fondling.

We soon got onto the bed for some mutual masturbation - she seemed to enjoy this and was moaning softly as I stroked her clit.

I then asked her to get on top and it was like being gripped by a wet velvet glove - very tight and moist. She then started bouncing up and down and frigging herself until, somewhat to my delighted surprise, she started gasping and then threw herself forward in a shuddering orgasm.

It is nice when an old man like me can make a beautiful young girl come!

I then suggested doggy to which she agreed enthusiastically and I finished off pumping hard into her lovely pussy as she frigged herself some more.

We then spent a bit of time chatting - she is a lovely sweet person - and then off into the cold but warm inside from the experience.

The only slight negative is that I like to give oral to ladies and she doesn't allow that - but it is her prerogative and it certainly won't stop me seeing her again.
