The Premises:

Typical block in Paddington. Not too busy. Shared with one other, shower and bathroom were OK. Here room was quite large, clean and with good shagging space available.

The Lady:

Yumi is small but has a great body, flat stomach and a few really sexy tattoos. Her hair is bleached, not blonde but a kind of orange colour. With the tattoos and the hair I found her really sexy.

The Story:

Really great session, started with lots of oral and kissing then I got in position for her to start rimming which she did then she asked if I wanted her to arse finger me. While she was fingering my arse she was sucking my cock and stroking my balls. All fantastic stuff. We went on for a while and I told her it was time to fuck. She started by going on top but I needed more penetration so I stood up with her on my cock and put her back on the bed. I pumped away for a while and finally shot my lot. A really, really great fuck. Has to be the best for a few years.

Found out after that she is pretty good at massage. She gave me a good all over massage, found a lot of my tight muscles and massaged out the knots. I took a final shower and left a very happy punter.

Next time I'll enquire if she has any 'cosplay' outfits. She'll be a very sexy Azusa Nakano or Kirigakure Syura.
