The Premises:

She lived in an apartment near Edgware Road. It appeared very safe. The room itself was nice with a nice sofa and a big lcd tv. The bed was just next to the sofa with shelf separating the bed and the living room.

The Lady:

Olivia is really cute and gorgeous lady with a kind attitude. She's about 5ft3 I think and her age range was between 25-30. She looked exactly like her pics from Maxes and her body was toned and a delight to watch

The Story:

Well I came to her door and knocked but no one responded and I called back the agency to inform them but they instead told me that she must be getting ready. After 10mins I saw a girl walking to the door and realised it was Olivia (she was coming back from her home town). Apparently the reception forgot to confirm the booking with her .Anyways she still agreed to have me and our naughty session could begin. She put the tv on for me while she was getting ready. She was drop dead gorgeous when she was done. So we began to chat on the sofa and I slowly started to kiss her. We then stood up and walked towards the bed and undressed each other while still having our lips and tongue locked. She then proceeded to give me a blow job which I thought was nice and I in return gave her head. Afterwards, we went 69 and I enjoyed that bit. Then we had intercourse and we tried lots of different position like doggie, cow girl, missionary and laptop. The negative point of our encounter is that I felt Olivia wasnt that enthusiastic maybe because of the earlier incident. I had a nice time but Im not sure if I will see Olivia again.
