The Lady:

Natasha is a beautiful young lady her photos are a good reflection of how she looks in person

The Story:

From the minute I arrived I got a feeling that this wasn't going to be the greatest punt and I got a cold vibe from her.

After we sorted out the formalities we moved onto the bed and started with some light kissing until I moved down on her, she didn't like having her clit licked and objected to any fingers inside. Eventually once it was clear this was a lost cause I reverted back to some light kissing at which point she moved onto give me oral initially covered until I prompted her and she obliged to doing it without.

Very quickly moved onto sex with her on top which was pleasant but a bit mechanical all the same, until she asked me to come on top. As we turned round the whole experience was a slight turn off so I asked for a bit more oral which she bluntly declined. Eventually fucked her missionary until I came, she offered me a shower which I accepted and we had a brief and pleasant chat afterwards.

There was still 30 mins left within the allotted hour, but as attractive as Natasha is physically her cold nature was a complete turn off and it wasn't worth the effort to try again.

I won't be returning but have rated her neutral because maybe we just didn't click or she was having a bad day.
