The Premises:

GFE, well reported as ever. They seem to have the showers reasonably adjusted now to provide hot temperatures, which was my major complaint about this place. However, this has not proved to be the case in the last two occasions, so no complaints. Cathie, the receptionist proves to be a delight and her amicable personality brightens up the place.

The Lady:

Nyah is of Asian descent, with a busty physique and lovely soft skin. I found her very amenable and I had no qualms either with her physical appearance or conduct. Her accent is slightly misleading and although rather chatty, this does not detract from her approachable manner.

The Story:

There is not much more I can expand on this encounter. I have a tendency to lean towards the slower, more gentle approach with girls nowadays, having a rather frantic schedule and having no particular interest in flash, rapid excursions. Nyah was delightfully agreeable to this approach and her slow, gentle approach with soft kissing, licking and slow sensual stroking matched my every need. I applaud her expertise in reading a man's needs, and I would hope that we both mutually met each other's requirements. My slight complaint is that too much pretentious noise was made, but I have a technique to block out this at times if enjoyment is being having had on both sides.

I recommend to all concerned and applaud GFE for finding another good catch.
