### The Premises:

GFE, a well reported establishment. Clearly the best in the Sheffield area to date, in regards to quality, excellent receptionists, and booking procedure. Nothing can be faulted in regards to the establishment.

### The Lady:

From the website:

"Channel is a gorgeous mixed raced Caribbean beauty that as the most enticing personality that you can imagine."

She is certainly personable, and although geographically challenged, I perceive no maliciousness in the lady. I think she is genuine, honest, but is somewhat unimaginative.

"She stand at 5' 6" and as a size 10 figure which is a perfect shape of 36, 26, 36DD"

Which is all probably true. I could not quite tell if she was enhanced, but was not given the opportunity to explore too deeply into things to verify either way.

"Channel is the perfect Girlfriend and her lips are so succulent you cannot help but want to kiss them"

Which would have been delightful if permitted, but kissing was openly discouraged seemingly.

### The Story:

As it now appears, I found Channel more than adequate for the purpose, but there was no real connection with her and myself. There is no mention of her strong Scouser accent, which could potentially prove to be an attractive asset, but was sadly lacked in any true authentic manner. There are many pluses for Channel; a nice physique, busty and certainly not unattractive. The major downsides to this lady, for me, outweigh any positivity I can derive from the encounter though, which saddens me, as I do not think there is any ill-will on her part. She is clearly into the job for the remuneration considerations and not for the sheer pleasure of providing gratification. Channel's oral technique is a highlight for her. An excellent technique and it was a great shame that more time was not spent on this, as genuine skill was clearly abundant. Although kissing and licking was not in her repertoire, there was a gentleness and smoothness that was appealing.

I cannot complain about the sex itself, although copious amounts of lube did not aid in any specific sensation.

My dissatisfaction was with the timeliness of things. Mechanical is possibly the best adjective I can attribute to her conduct. Again, not done in any kind of grumpy or unwilling manner, but I gained the sense that a routine was established and that was not to be broken. Kissing, sadly, did not seem to be on offer, despite several attempts. No massage as such in the fore-play, although I did have a brief 5-minutes one afterwards, and again, this provided nice with decent pressure and some skill, although again, single-technique was apparent.

Although I used fingers on her, Channel was clearly not comfortable with this and reverse oral, which was on my agenda did not seem to be desired either, which again, is a shame.

The final reason why I cannot give this report a positive outcome is that once completed and I availed myself of a quick shower, whilst Channel tidied up, when I exited the shower, she asked if I could make my own way out. To be fair, and to her credit, she did offer to stay, but it was obvious that she did not want to linger and prolong anything. I bid her goodbye and concluded by dressing and exiting on my own, which is a first for this establishment. Although I do not strictly mind this, it was a distinct indication that she did not feel comfortable or enthused to give full value for the service.

Let me conclude that this is in no way a poor reflection of the lady. I do not think this is a bad encounter, but the blemishes in Channel's conduct and performance can't persuade me to see her again. She has positives, and I would recommend her for the various attributes I have described above, but I would urge you to enter into such an encounter with these expectations and realise to what you are going to get and what you will potentially not.
