The Premises:

The Lady:

slim brunette 5 foot 6 italian 25 years looks better than photos

The Story:

upon arriving at drop off point she was rude did not say hello and walked behind me
as soon as we got to my flat she was asking for more money i only had an extra tenner which i
handed over with the listed fee
she then proceeds to hold the notes up to the table light and studys them for forgery
i asked her into the back bedroom where she disrobed she had a good body
her oral skills were lacking and she complained about me asking her to change position she also
said i was very strange for wearing a dressing gown
when she started to fart she blamed it on me saying i put air in her vagina !"£!
i tried to make small talk with her half way through but she wasnt a particularly nice person to talk
too this again killed my confidence and i struggled to maintain an erection (maybe that was her plan
get out in half an hour and pocket the excess money ie tell her boss she only worked for half an
hour and take money for an hour)
i would advise against using this escort when there are much friendlier ones available its a shame
really as she had a nice body
