The Lady:

The afternoon started very badly. I booked an Oriental through an agency I'd used before. I was asked to wait on Bayswater Rd in the cold, before being phoned and told to go into a shop. There I was beckoned into a dark recess by an Asian girl of uncertain quality. I walked through to a dark corridor and into the most horrible of rooms. Small, dark, dank and smelly. Now I've seen girls all around the world, and never been expected to be entertained in such facilities. Needless to say I turned on my heel and left.

So on the spur of the moment, and through the wonders of modern technology I used my iPhone to search for an alternative way to pass an hour. Top Secret Escorts had Lolita available at short notice. She looked good in her profile and I thought 'What the Hell?'.

A door in Chelsea was opened half an hour later by a cute, lovely, smiling girl. Welcoming and warm. Perfect smooth skin. Much sexier than her photos suggest.

The Story:

I was so pleased to meet Lolita, given my earlier experience. She welcomed me in, took the paper without a fuss and kissed me. We soon undressed each other, and in no time was on her knees in front of the mirror. Then on to the bed and I asked her if she had any toys. Enthusiastically she produced a vibrator and fucked herself with my cock in her mouth. I told she was just excellent, to which she smiled and said, 'I enjoy it.'... and I think she truly did.

After a while she spread her legs and said, 'Now you've got work to do'. I happily went down on her and I was truly enjoying it myself. We fucked this way and that, and then with her pert arse looking up at me I asked for anal. To be honest this was not her forte. At least she tried, and in several positions, but I couldn't really gain entry... So we fucked some more and I eventually came over her pretty face.

I went to wash up at her suggestion and started to get dressed, but she protested that there was time left. Just as a message started a persistent fire alarm went off. Maybe it's all the health and safety training I've had over the years, but I couldn't ignore it. So I kissed her one more time and left.

Going down the stairs with the alarm still ringing I saw a crowd in the door way. I was expecting a bunch of girls in various states of undress... but no it seems normal people live there too.

Anyway... Most definitely recommended.
