### The Premises:

Clean modern tidy flat close to Sainsburys on Avebury Boulevard. As good as you come across in this game if lacking the personality that Annabellas brings to their flats. I had trouble finding the entrance to the building and was buzzed in only once I'd confirmed that I could see the name of the building above the door and told the flat number only once I was in the building. The room had a decent double bed, huge floor to ceiling window with blinds.

### The Lady:

Morena is slim, medium height with small breasts. Very tight and fit with one tattoo on her arm. Medium length died red-brown hair. Her face is not exceptional but her body is exactly what I go for - slim and fit.

### The Story:

Having reached the flat, I was let in ushered to the room and paid. Morena was in tight denim shorts and crop-top which showed off her very tight body. She tried for £20 extra for cum-in-mouth but as I would never do OWO nowadays that was of no interest. It was immediately noticeable that Morena was checking text messages as they came in and that this might prove a distraction

We stripped, kissed (light French kissing), touched and then oral with a condom (but OWO was clearly the norm). This was a nice hard deep blowjob and as I touched my nipples to stimulate myself and to drop a hint, Morena picked it up straight away, kissing and nibbling my nipples and getting me very hard. Then we started on sex, initially side-by-side then cowgirl. At this point, there were phone calls from another punter answered during sex, including the phrase 'I'm at the door now'. Morena left the room the sort this out on the phone and in the meantime I lost by erection - usually fairly fatal to my prospects of continuing.

Once back in the room, I asked Morena to give me a back massage which she performed thoroughly but rather too hard. Then I rolled over and with more touching and a some work by me got back my erection and back into sex. After more shagging I came unusually strongly due to the delayed on/off action so it worked out nicely in the end.

Morena is a kind young woman who clearly cares for her customers, but she needs to turn her

phone off.

Value for money was excellent.

It looks to be as if Andrea (AW ID 2344322) shares the same flat and I could see myself visiting her next.
