The Premises:

Safe and secure. But poor parking.

The Lady:

She opened the door wearing only lingerie. Delightful. Tallish, full breasted, slim waist and nice ass which I followed all the way up the stairs. Nice breasts with decent sized pink nipples that erected nicely when sucked. Long brown hair. Pretty but with one bad tooth that needs attention. Fully shaven.

However she is not the girl in the photo on the web site. Nor is she Italian as advertised but Romanian. Not that I minded but I do wish the advertising was more honest.

The Story:

No time wasted, cash transaction completed and she stripped off and asked me to do the same. Straight on to the bed and started stroking my cock. She did not however want any kissing with tongues, (no DFK) and tried a couple of times to put a condom on quickly. I wanted to delay that part as long as possible so asked if I could do reverse oral and she agreed and opened her legs. Sweet tasting pussy, fully shaven and good hygiene. But she did not orgasm even after 15 minutes and I stopped. I asked her if she was okay and she confirmed that she has never had an orgasm in her life! There's a challenge lads. She went straight back to stroking my cock and on with the condom for covered oral. I came fast as her technique was good and filled the condom to overflowing. There followed a period of cleaning up as I had cum so much it was all over her hand when she took off the condom. We then looked at each other. Not much conversation although she spoke good English. I got the impression she was willing but didn't know what to do to take the lead. No massage offered. So I left 20 minutes early.

Not a bad punt, I blew my wad, but no spark, no imagination. It could have been better if she was more experienced.
