The Lady:

Jai is a very attractive young woman with a body to admire. She talks about dancing and working out and it shows in a hard body and tight cunt, she is attractive and her smile and general demeanor all make for a pleasant experience. The website pictures show her body and it is like that.

The Story:

The real experience is the sex and Jai's candid manner, she kisses lightly though I suspect that deep is there as well. She encourages fondling, stroking and fingering. I could not resist licking her clit and tonguing her cunt all very pleasurable. I have to pace myself for a 30 minute one cum experience and Jai was happy to go with my suggestions, 69, doggie and me fingering her as I sucked on her breast. The feast that is her body is astonishing she rode me with athletic motion and I nearly blew up in her. I wanted to cim and to snowball. Jai was happy to oblige and a mouthful of spunk was delicately put back into my mouth followed by a tongue to suck on. I found this very sexy and was a happy guy. We chatted about this and that and I left with a smile and a mental note to return
