The Story:

Anyone considering a punt here please go elsewhere. I read her adult work reviews which seemed very good, but I txt her then did not book through AW so couldn't leave a review. My fault! Should know better...

Opened the door and directed me without a smile to the bedroom, flat was ok, reasonably new, and clean. Straight away though I could see her attitude, didn't want to look at me, no enthusiasm, I had requested stockings, suspender belt under a dress, no knickers or bra, red lips, she completely agreed by txt, but was dressed in a long t-shirt dress, fair play she said do you want stockings, I said yes so she went off, could hear talking with another girl, (only I hope!), she came back with stockings and a suspender baby doll, not attached to stockings, and basically wouldn't look at me, I'm a professional guy, just showered before I arrived, early 30's, told I'm good looking, smelling good, non smoker just for info. She refused to kiss me, told me to lie in bed, proceeded with OWO, far to fast, I told her to slow down 3 times but she obviously wanted it over with, so I thought I would annoy her and make it last as long as possible, told her to put s condom on and lie down, slowly fucked her, playing with her tits then started to suck them gently, "don't eat me I'm sensitive", so I said sorry and just gently kissed. Then I asked her to turn around, slowly fucked her for a bit then asked her to go on top, when I asked her to ride me and make me cum, first time she looked a little interested. Once I cum she gave me a pack of wipes and walked to stand by door, I got ready and asked her about her reviews and she admitted someone wrote most of them for her!! If she reads this she will probably make up a lot of rubbish but any punter knows the score and will realise who's telling the truth, just please avoid, if it was 40quid yeah go in and blow your load over a mid 20's Polish blonde but for 80quid, what a waste of money!!
