Candy is about 5 foot 2 with dark brown hair and an attractive impish face. She has a smoking hot body which she puts to great use.

The Story:

As bleak mid winter drags on and with snow predicted for this evening I needed a treat to chase away the February blues. I had seen Candy's profile a few times in the past and had tried to arrange a meeting previously but she had never been available when I was and so on, so it had never happened. However on this occasion Candy was available later on the day I contacted her and a meeting was arranged with a minimum of fuss.

On meeting Candy I was pleased how attractive and friendly she was. There was absolutely no awkwardness in our meeting and what shines through is that she is an excellent communicator and just has a way of getting on with people. In short a thoroughly nice woman.

All that said there was not too much time wasted on initial chat before Candy was off into rampant mode. From the off it was clear she is a lovely kisser and when it was revealed her body is very hot. She performed excellent oral and in fact everything she did she did very well.

However what strikes you about Candy is not her technical expertise but the sheer exuberance she demonstrates in doing what she does. She is a very enthusiastic partner but I suspect this is just representative of how she is about other things in life. She is one of those people who just lifts your spirits to be around because of her enjoyment of life.

I certainly gained great sexual satisfaction from my time with Candy but she also lifted my spirits and I left feeling very positive. I would wholeheartedly recommend Candy and I will certainly see her again.
