The Premises:

This was my first visit to the SW1 location of HOD. It was easy to find, in a safe area and maid Tina made me very welcome. We used the rear bedroom (of two), which is quite small but very clean and with a good-sized radiator, plus a fan heater. I did not use the bathroom, although I was offered a shower after our session.

The Lady:

Helen is at least 5ft 8 ins tall, pretty and her figure looks just like her pictures. Her stated age of 29 seems about right. She was wearing a lacy body, just like some of her pictures. Helen has a smashing pair of legs.

The Story:

Helen has an alter ego of MKHelen and is well-known for her tendencies towards domination. Knowing this, I was rather surprised how girlishly approachable Helen is. She was wearing a lacy creation, just like some of her pictures. Her shoes were true "killer heels", being very high and covered in metal studs.

The first part of our session was taken up with getting to know each other and followed a GFE path, involving huge amounts of kissing and cuddling. I paid a great deal of attention to Helen's very responsive nipples and her other sensitive regions and she really seemed to enjoy my efforts.

Then Helen announced that it was my turn. Since I had already informed her that I was up for experiencing her dominant side, she told me that she saw me as at the more sensuous end of the spectrum and she was right.

I was soon tied spread-eagled on the bed, lying on my back, sporting a blindfold and soon experienced a mercifully small vibrator being inserted in my anus. Helen then proceeded to tease and test me at some length, before removing the mask, so that I could see her working on me with lips and hands. I told her that I would resist her for as long as possible, only to observe a knowing smile.

Of course, she made it impossible for me to hold out for very long. As she took increasing control of my body, I noted a "look" which I have spent some time trying to adequately describe. It had an element of rapture but not that of a girl moving towards orgasm. It was more the look of a talented musician, playing a difficult piece of music; a girl in full control of her muse and enjoying the experience.

You will just have to book Helen to see if this description is accurate.
