### The Premises:

A small flat in St Albans. Not the poshest place I've ever been, but the shower was warm and the room was acceptable.

### The Lady:

A good looking, pale-skinned woman with a surprisingly posh voice. Great body, fabulous boobs - enhanced, but not of the horribly hard and obviously fake kind. That said, the website gave a slightly misleading impression of her. For starters she was a lot taller than 5'6". I'd put her at around 5'10". Plus she had a couple of quite prominent tattoos which have been photoshopped out of the pictures online. (One was on her back, the other was half a sleeve's worth down one arm.) She also had a few ear piercings including a slightly stretched earlobe. None of those things bothered me, but if they do ... Well she might not be for you.

### The Story:

Hugely enjoyable - for both of us I think. Maybe we just clicked. Maybe I'm hugely talented in bed. Maybe Violet was just feeling incredibly horny on the day. But for whatever reason, I left thinking I must be a world class lover.

Highlights included going down on her, which culminated in Violet having a massively intense orgasm; vigorously fucking her in several positions - cowgirl, missionary, spoons, and doggy - whereupon she encouraged some light chocking, gentle hair pulling, and firm arse slapping, and during which she came a few more times; and the 69 from which I brought her to yet another orgasm. I think they were all genuine. If not, she's an Oscar standard actress and deserves 10/10 for effort.

To finish off with, she wanked me off whilst I fingered her until she came one more time. Overall, it was probably the best and most enthusiastic pornstar experience I've ever had.

Three other points:

- 1) She's easy to talk to.
- 2) She gives a great blowjob.
- 3) She had Dylan playing on her iPad. Yes, this girl has great taste in music (IMHO). How rare is

that?
