The Premises:

Met Helen at a medium-sized business hotel in MK. Simple to make my way to the room anonymously.

The Lady:

Tall, elegant and slim. Ample unenhanced breasts, totally shaven down below. In a word, lovely.

The Story:

I'd asked for a 1 hour Nuru experience and that was what I got. I was greeted at the door by Helen clothed in a attractive lingerie. I passed over the paperwork and she explained what I was going to experience for the next hour. We got undressed and went to bathroom for a shared shower - always good for a start - running water, wandering hands and kissing. After the shower we were off the the plastic sheeted bed for the slippery nuru - an amazing experience as Helen massage my body in full body-to-body mode - first face down then face up. This was punctuated by a bit of 69 then mutual massage before more full body to body. All the while there was lots of kissing and fondling on offer for both parties. Then it was on with the condom and slow and sensual cowgirl sex resulting in a very satisfying climax. After a little clean up, a bit of a chat whilst we lay together in the post-coital glow, then into the shower for a full clean. A superb hour with Helen, an expert in her field!
