The Premises:

Quite a rough feeling area, just about OK with parking the car up the road. Ground floor flat in building, very battered entrance hall and doors. Nice enough once inside although I heard a man and a dog before she opened the door.

The Lady:

Matched photos, petite (about 5ft), slim. Mixed Italian/English, quite quiet. Nice enough, managed to chat a bit.

The Story:

She seemed inexperienced, and asked what I wanted to do. Gave me a short massage then offered a blow job. Since I'm a one shot wonder, I wanted a bit more caressing and build-up. She gave me some oral (which was good) but I stopped her before I came. I did oral on her but there was little response. We tried a variety of positions but only missionary seemed to work properly, possibly due to her size and 'layout'.

She pressed on with the sex, but didn't seem really into it much. I had difficulty coming in this situation so she finished me off with oral, then leapt off me and got dressed. She gave me a roll of paper to clean up - nothing much else around, no wet wipes or similar.

She was a nice person but the experience wasn't great. She also was in a rush, and eventually explained that her friend had another 'job' coming into the same room as soon as I left.
