The Premises:

The establishment has always been impressive, even wherever they may have used in the past. Friendly and Comfortable environment that creates a splendid atmosphere.

The Lady:

Jai is incredibly beautiful in totality. By quite a distance, she looks great in flesh than her website photos because she is more toned and not as skinny as the pictures suggest. Her figure, further enhanced by her delicate ass, can be mind-blowing.

The Story:

When Jai walked in, the surprise I got was only matched by the first time I saw Karolina, who is nothing like her website pictures suggest, physically. Jai is sex on legs. I have never seen a better body on a girl, and I've been around the world. Rightly so, she confirmed she is a pole-table-dancer in London area. I needed to see her walk around the room and it brought out inexplicable words from my mouth. I could cum just watching her walk and stretch in that tiny G-string and incredible eye contact. This incredible body had to ride my worked-up cock before, most importantly, cumming inside her mouth. Then she swallowed! I was out of my fucking mind!!

Now, when she first entered the room and she was sitting on my lap, I told her it's a shame that kissing was not on the menu but I was wrong! She said she doesn't know why it doesn't appear on her profile. So I threw my tongue into her mouth! I've been punting about twice in a year for about five years with this establishment, and Jai brought out of me the same great intensity as Karolina and Petra. With my incredible high standards, even if I say so myself that is something!
