The Premises:

Very nice flat in a very upmarket part of London. No hassle getting in and buzzed in and entered the premise. Large bedroom with on suite shower.

The Lady:

Absolutely stunning. Beautiful blue eyes, with a nice big bust and she is in great shape. New pictures have gone up on the various websites and she looks pretty much as is. Has a few tattoos here and there which have been airbrushed out. A friendly a very cheeky lady with a smile that lights the room up.

The Story:

Entered into the flat to be presented with the stunning Lucia. She immediately started to kiss me passionately with tongues and ushered into the room. Told me to call her Lucy and we continued with the kissing. I don't do this very often, maybe once a year, and do get nervous but she made me feel so welcome. Asked if I wanted to have shower which I promptly did. I came out of the shower and the kissing continued. As I was quite nervous I outlined that I was more than happy for me to give me a blowjob and just make me cum rather than full sex. She was happy to do this, and started with kissing me all over, than moving to my balls and then onto my cock. I got too excited so she let me cum on her face and tits and then we jumped into the shower to wash it off. As I had somewhere to go soon after I couldn't manage a second round, due to me. So we kissed and cuddled and she gave me a massage. Definitely going to see her again to do this properly, so I am excited about that. Lucia - if you do read this - the shy guy says he can't wait to see you again!
