The Premises:

I was asked to sit in the room with a couch till another client finished up with Gina in the other room. I can't complain cos I got a butchers of what Gina looks like in the flesh.

The Lady:

Tina's body is better in real life than the website photos would suggest. She didn't smile much but when she did her eyes sparkled. Her breasts are very firm and heavy for their size and she has great nipples too. Her hair is jet black and fine to the touch. She looks hot in white suspenders and heels.

The Story:

I asked Tina to get on all fours on the bed and, stroking her bum informed her that I wanted the brown goods if the old chap was man enough for the task that is. I then lay down on the bed next to her and she took my cock and put it in her mouth. She remained on all fours, enabling me to caress her bum and also stroke her tits before reaching down and running my tongue along the length of her heels. I asked Tina to sit on my face so I could lick her out. Her pussy was ripe and juicy! I enjoyed rubbing my face against her bristly fanny because she wasn't completely shaved down there, which made a pleasant change. As I was eating her out she was using one finger to control my cock and another to touch a nipple. I asked Tina to finger my bum and instead she pulled out a toy and fucked me with it. I asked her "which one of us is the bitch?". She replied "both of us cos I am getting fucked in the arse next". After Tina had abused my bum it was on with the condom and it was her turn to carry on up the Khyber. I was worried beforehand that I might not be able to stiff enough to perform the task at hand. Un-necessarily so as thanks to Tina's sucking and butt fucking I swirled my cock around her lovely tight bum hole while she gripped the bed sheets. At this point I have to say that her hair and skin smelled divine. I powered the little fella home to her encouraging cries of "come in my arse!". There wasn't much kissing during the session, eye contact was minimal and small talk was painfully contrived before and after, and there were some uncomfortable silences during the session, and most disconcertingly of all she hardly smiled. I don't go head over heels for Tina , and a repeat session is not on the cards, but still I would give her a yes recommendation cos she takes it up the bum.
