The Lady:

She is a late 30s/early 40s woman. Her face is beautiful (really the best of French girls) and she has a fantastic, sensual body with perfectly shaped breasts.

The Story:

This really was an education. We started with some light yet passionate kissing, the flicks of our tongues gradually getting more frenetic. Our hands were all over each other, and she really didn't mind rubbing herself again. We carefully undressed each other, I sucked on her nipples and she sucked on mine. Then she guided me to the bed and administered a slow, teasing OWO blowjob. This went on for several minutes, until I couldn't handle it anymore and I came all over her pretty face. Seeing a beautiful French lady smiling whilst her whole is covered in your cum is a lasting memory.

Then we massaged each other, more kissing, before I went down on her to increasingly passionate moans. Afterwards she tried to get a second rising, but it wasn't happening, but this was more due to my lack of sleep than her lack of technique. We chatted (turns out we'd lived in the same town previously), kissed and then I said goodbye. What a wonderful lady.
