### The Premises:

From what I saw of the flat on the way in it was great, small and clean.

Easy to get to as it was on the edge of the city, parking was cheap etc all the usual stuff, only issue I had was the stairs as it's on the very top of the building but otherwise very discreet.

### The Lady:

As described on the web site, visually stunning with legs that just went on and on and on, great boobs and bum but the voice?? o god what a voice I love the lady from the north..

### The Story:

Arrived and was met by another young lady and led straight into the room, the room was really nice and the shower was on suite which was really handy as I had asked on the phone if I could have a shower first.

Shower done and I walked Scarlet, dressed in thong and bra wearing high heels, I was speechless and all of a sudden nervous as I hadn't expected her to look so good.

I told her I was nervous as she dried my back and that sexy northern accent just said "there's no need to be with me" which immediately relaxed me, I was asked what I wanted to which I replied everything, what followed was terrific oral with out while I had a great view of her pussy and bum, nearly came when she said why don't you put a finger in :D so after some fingering and a fairly long session of oral both ways I was then asked do you want to fuck me now, you can't imagine what it's like being asked that question in that voice until you were there!!

What followed was exceptional, I've had past visits but never like this.

Scarlet's fun to be with, knows what to do and how to get the best out of you. my first visit for years to A but I will defiantly be going back!!
