The Story:

Texted Jaanna and was lucky enough to get a same day appointment (she'd had a cancellation). If you like tall, busty ladies, she is very much to be recommended. Her English is okay, but who needs English anyway? What I really liked was the GFE. Lots of attention, soft gentle kissing and cuddling that got me in the mood. She gave me very nice oral, looking at me all the time, which is what I like. Then covered sex in two different positions. Afterwards we chatted for a while. She told me she is staying in London until the end of the month before she returns to Finland. So, if you haven't tried Finnish before, don't leave it too late or you'll miss her. But if you want to leave her all to me, that's okay too. I'm planning to visit her at least once more. She's a very genuine person... a girl next door type.
