### The Premises:

A quiet, spacious, stylish flat in the middle of town. Very comfortable. Easy to reach.

### The Lady:

Alex is a really special woman. We've known each other a while now, but I recall my first impression quite clearly. In conversation, she's agile and insightful, and really makes you feel listened to. I've been touched at how she remembers things we've chatted about in previous encounters when we reunite. We've had some great debates about cinema and music, and she's very funny as well. Absolutely nothing gets past her, and I imagine she's intimidated a few suitors over the years with her brains, as well as breaking some hearts.

She's also stunning, but a review from me barely needs to reiterate that, as her pictures are very illustrative. Soft pale skin, blue eyes, slender all over with a beautiful bottom that I absolutely adore. Bundles of lovely thick long hair - I'm a sucker for nice hair.

### The Story:

As I said, we've met up quite a few times, and each time has been different, but our most recent encounter was for some dinner in nearby Soho before heading back to her apartment afterwards. She poured us a drink and put on some music and as always, the long build up made it really special. I'm a person who needs to be turned on cerebrally as well as physically. That said, she can be truly naughty and very forthcoming when the moment arrives.
