The Premises:

The Lady:

Very young and with a good figure, natural boobs and slim. However, she was not the girl in the photo, something which was confirmed when she told me she had been in London for just a couple of weeks when I know for a fact that her listing had been on the website much longer than that. She also didn't smell particularly fresh - not sure if it was cigarettes or what.

The Story:

She arrived 15 mins late due to road closures etc in the area but I wasn't too bothered about that. Her English was fairly limited although she tries hard to make conversation. The biggest problem is her general lack of enthusiasm or response. Kissing was off the menu and the sex felt like going through the motions somewhat. Definitely save your money as there is much better value to be had out there.
