### The Premises:

Flat near the station, felt safe enough. Basic flat which was sparsely furnished and basic - adequate at best but not at all impressive.

### The Lady:

Wasn't sure if she was the girl in the profile and foolishly still went ahead. It was soon apparent that, of course it wasn't the girl in the profile and what I had before me was a very average girl who is simply not cut out for this line of work. It may sound harsh but you choose someone based on their attractiveness and this, on reflection, was a clear bait and switch. Even the verification picture wasn't the same as the girl I met.

### The Story:

All the comms were good and the girl I spoke to sounded bright with a good command of English. We agreed services and prices on the phone and she texted me the address. All good so far. Got to the location, phoned again and was let in. There's where it all went wrong. Thinking back, I don't know why I handed over the money, particularly as I was geared up to walk should Claudia not be what I was expecting. It became obvious very quickly that the girl I was with was going to do as little as possible to get this over with.

I skipped the offer of a massage, went straight to owo and a little pussy play ("no fingers") but it was clear that Claudia would not be at all responsive. She went for the condom within a couple of minutes and I wasn't going to argue as I wanted this over probably as much as she did. Into mish and I tried my best but really I was losing the fight to keep any interest going. I went in for a kiss but couldn't get inspired, tried a little ro but soon thought better of it before asking for cim. Claudia said that I could cum on her breasts but cim was extra. I questioned this but realised it was pointless, finished over her breasts and, after cleaning up, got off the bed and got my bottle of water from my jacket. I noticed that Claudia was straightening the bed and putting her underwear on so I questioned if "that was it?" She replied that I could have massage and sex again but, it was clear that she'd rather not and, in truth, I felt the same.

I mentioned the lack of "extras" on her profile and that I had been deceived on the phone but it was obvious that she was responsible for neither. She even phoned her "management" (her words) to check the content of the profile whilst I was getting dressed. Naturally, they lied to her, saying that cim was down as an extra or, at least that's what she told me. I wasn't

convinced and just wanted out of there. Not a good experience....

Claudia shares with Camilla\_Sweetheart and so I would suspect the same bait and switch. I had planned to say hello to her and discuss the possibility of a duo as mentioned on Camilla's profile but realised that this would probably be a waste, too.
