The Premises:

I went and saw Adelina a few minutes from Marble Arch station. Nice, discreet area, got public transport so no parking. Place was very clean when I got there too. Easy to find and sketch free!

The Lady:

Well, it's safe to say that her pictures were photoshopped. I mean, human beings don't look like her pictures do, god knows why they bother with them, but in the flesh she's a good looking girl. No complaints there. You have to be pretty thick to think she's going to come out looking like that blurry thing on the website.

The Story:

Well, it was good. Overall. Not the best, but certainly worth the time and money. For a woman that only charges £150 I was pleasantly surprised by her aptitude to the situation and her commitment to the cause ;)

I don't particularly like the who GFE thing so we skipped all the hugs and kisses she told me she can get me in the mood with a strip tease, so I thought why not? Let's go in for it whilst she's offering. I watched her gyrate, her arse in a tight dress and, well, to be honest with you, I could have skipped all that too. Not really my thing, makes me acutely aware of what's going down - I'd rather just get on with my business.

I told her to suck my cock, which she was fully compliant with - again not the most enthusiastic, I knew there's rare a girl who will go full PSE and break their necks on it like you want. A stellar effort none the less.

She let spit dangle from her lips around my shaft, which is something that i absolutely love.

Now, I'm a big man and, well, a lazy man too. So i had this petite little thing get ontop of me. Now this is why I would say that she comes recommended! Adelina fucked me slow, hard, fast, softly. I Like she was trying to rip the cock straight off of me.

She bobbed up and down, twitched her tight little arse all over me. She seemed to like to tease me laughed as i moaned. That was seriously hot.

She was then determined to make me cum and started fucking me harder and harder. Biting her lip, she looked down at me - it was as if she was punishing me. I had my hands on her arse cheeks and as she fucked me harder and harder I finally came, my fingers digging into her arse.

Wow is all I can say. It was good. Just what I needed after the week I had! I hung around for a bit, made a little idle chit chat and was out of there before the hour was up. I didn't feel pressured to leave by her, she wasn't clock watching, I just didn't fancy staying there too long. I had to go have a beer and watch the world go by.

A hot girl, for a decent price. I'd say go for it if you're looking in area!
