The Premises:

I was asked to go to the address of a shop opposite a well known block in Sloane St, and then call the agency. I wonder how many confused punters have actually gone into the shop. Anyway I called and was given a flat number.

The Lady:

Ridiculous con. I should have known the photos were fakes, but I got it in my head that I just had to meet the girl in the photos. When I entered the flat I said to the girl that she was not Ayumi, at which she called another girl also nothing like the photos, and then a third! I don't know what the agency thinks, but maybe that we think all Orientals look the same. Or perhaps they think what will happen is what actually did happen. I thought what the hell I'm here now and went for the first one.

I find it really disappointing that it's difficult to find quality Orientals in London. I found the occasional reasonable punt, but there's always a constant rip-off with this section of the market.

The Story:

In the end I went for a slightly plump but busty girl in a school girl outfit. Very routine covered suck and fuck, though I did enjoy cumming over her tits in front of the mirror.

All over and out the door in 30 mins.

Avoid this agency.
