### The Premises:

A well known location in South Kensington well set up for working girls. Her room was small but fine. Like most working girls' places the lighting was too dark for my liking but that's often the case.

### The Lady:

Angel is very slim as per her profile pics, with very small breasts. Her face is photo shopped so she looks older and not as smooth skinned as she does in her photos.

### The Story:

She is quite chatty and easy going. She doesn't like kissing on the mouth and certainly does no French kissing. That left little else but to get down to business. O was fine. Had to keep asking her to go deeper, which she did. She is very tight which is great, and you have to be careful to go gentle so not to hurt her. She is fine with some A play doing her doggy, which I liked.

Overall, it was an okay experience. I've had better and worse. My experience wasn't as great as some of the other very good reviews I've read, so maybe I am a bit tough to please. Would i recommend Angel? I'm going to be very fair to her and say say yes.
