The Premises:

Nice building on a small industrial estate. Plenty of parking outside and on the road. Nice main room with sofas and all rooms are clean, shower in massage rooms.

The Lady:

White girl, said 24 and that seems about correct. Maybe a little heavier than on the photos but largely accurate.

The Story:

Very bad experience to say the least! Vikki seemed very tired or drowsy and just not interested at all. Asked for money up front which I gave her. Tried asking her about other services and she just reeled through them saying that she didn't do most of them and very few of the other girls did either. I opted for hand relief which she performed this very perfunctory, at one point just stopping and saying "to completion, there you go" when clearly I had not come anywhere near to climaxing. Clearly took the view that the £35 was just to get me in the room and was annoyed that I would not give her £10 for a covered blowjob. Tried to make friendly conversation with her but she just wasn't having it. Don't know if it was just a bad day or what but it was the worst experience I have ever had with a WG, and a real shame because clearly Vikki said something to the lady on reception and she had a go at me as I was leaving. There is no other feedback for Vikki on here, and I'd be very interested to see what others have to say about Vikki, to see if it was just a bad day or just she didn't like the look of me, or if she has this attitude with all her clients. I had previously had a couple of excellent sessions with Roxy at Unit 8 but I really don't feel like going back there after this debacle.
