The Story:

Having been frustrated during the week by various options and not wanting to travel to far from home I looked around on the web for some Saturday entertainment and found Victoria on AW. Now I was aware that some of the advertisers on that site are sometimes not entirely what they claim to be, but I decided to take a chance with Victoria and gave her a call. An hour and a half later I was being let into her central Cheltenham apartment.

I was not to be disappointed Victoria was just as she was on her page. Firstly, Victoria apologies that due to a recent problem we won't be able to use the hot tub that is in the flat

Once we had dealt with the administration, Victoria gets me to lie on her huge double bed and we started with her giving me an excellent massage as we chatted about this and that, she can certainly talk.

Massage over time to get hold of those magnificent tits; she tells me that they are going to be even bigger soon, during which there is some nice French kissing. My cock now rising to the occasion, it's time for some oral, Victoria apologies that that normally this would be uncovered but unfortunately because as she has recently had some dental work done, today it will have to be with a condom, a shame but no worries. Her technique is superb, with plenty of deep throat action. Eventually, it's time for sex, with Victoria first climbing on to facing me, then turning the other way round so that I can see cock entering her pussy. Another change of position and into some vigorous doggy.

Victoria having done an excellent job in the oral department earlier it was time for me to return the favour and get to work on her pussy with my tongue, bringing her to the edge of orgasm, unfortunately I miss read the signs and came up for a air a split second to early, so to correct this Victoria fingers herself whilst I wank off eventually coming over her tits.

Both spent we lie on the bed and chat a bit more, then it's in to the shower for me to clean up,

before I return to the outside world happy.
