The Lady:

The truncated photos and description on Prestige's website provide a good impression of what to expect. Very attractive, fair haired, Scottish, early-mid 20s, tall, slim-medium build, medium-large breasts, closely cropped pubic hair.

The Story:

I had a strong hunch that this was going to be a memorable occasion and after making the booking I spent several hours in eager anticipation - it's been a long time since I'd last looked forward so much to any occasion. My instincts were to be proven correct.

April arrived a couple of minutes early and we'd quickly introduced ourselves as she walked into the room. She was taller than I'd expected almost as tall as me which isn't too common. As I looked down to check whether she was wearing high heels, she apologised for wearing flat pumps saying that she had to drive and it wouldn't have been safe to wear heels. Together with the rest of her outfit - skirt, top and blazer - she looked just like the graduate trainee/interns straight from university types who exist in numbers in the corporate environments around where I work some of whom I have been known to secretly admire. On a physical level she was perfect.

Without any further dialogue between us, the action started spontaneously with a long kiss and within a couple of minutes of her arrival I got stuck straight into the main course without going through my normal routine of having starters and side orders first. Interestingly I'm not normally bothered about main courses often just having a quick taste otherwise dispensing with it all together but with April it was somehow different and most of our time together was spent savouring this in a variety of positions. I did break off a couple of times to try the starters and side orders (the latter which many non Prestige ladies either only provide on a discretionary basis if at all) as well but we always went back to the main course before long. Mindful that our time together was rapidly coming to an end, I asked to go back to the starter activity which is normally my preferred way of finishing.

In conclusion this was a truly authentic GFE of the very highest order and one of the very best, if not

the best, I've ever experienced. As she left, she said she hoped she'd see me again and sounded as if she meant it - a gesture I always appreciate.
