The Premises:

Small bedsit type apartment close to Paddington Station. Functional and adequate. The hallways were dark and it took me a while to find the light switch so I could see the apartment numbers.

The Lady:

Exactly like the photographs. Cameron is my dream - really tall, slim and blonde. 10 out of 10 from that point of view. Slight smell/taste of smoke. I was OK with that but others might take issue with it. Age 20.

The Story:

I normally book a 2 hour session but time was tight for this one so could only manage 90 minutes. That was probably a mistake on my part but couldn't be avoided. Cameron is a quiet girl and conversation was a little awkward sometimes when I ran out of smalltalk. We started with some FK (light not DFK) and then with some encouragement proceeded to oral. Nice. Then on with the rubber and a traditional missionary to completion. I have to say that was good - probably helped by the fact she ticked all my boxes on her looks. In fact I write this review 4 hours later and I still have this incredibly warm glow of satisfaction in my lower region and a smile on my face. The downside is that a second pop wasn't possible in the available time. She tried quite hard (again with encouragement) on the mouthwork and we tried a bit of doggy but, alas, I needed more recovery time than was available.

So, the positive is the warm glow I have. The potential negatives are the smoke, the difficult smalltalk/shyness and the fact I had to provide encouragement rather than her taking the initiative. There were also a few interruptions with text messages on the phone although fortunately not at any "critical" times during the main performance.

On balance the positive easily outweighs the negatives so I give her 7 to 8 out of 10. Would I repeat? Yes for a quicky but no for a longer date as I think the conversation would dry up and that would be a bit awkward.
