The Story:

I arrived and was taken to a room by a very friendly " Maid". I have been here before and usually go with someone I am familiar with where possible, however on this occasion the lady that I had been seeing recently wasn't available when I called so I took a " punt" on a "new" girl called Dahlia. I don't like to do this without reading profile as this is usually helpful. Anyway, when Dahlia came in my immediate thought was " Wow" much more attractive than I expected for an older woman and she was very friendly from the outset which is always helpful. We made some fun comments to each other and had a nice kiss before getting down to business. I won't go into detail as the main purpose of this is to give an indication of whether she is good or not. I am a friendly guy who enjoys passionate and sensuous " love making" and that's exactly what I got, she was very outgoing and sexy and gave me a great erection which lasted for ages. From my experience a much better than average punt and well worth seeing. I will be seeing her again and next time I expect will be even better if that's possible!!
