The Story:

After a giggle she dried me off and at that point already hard, She offered me a drink and just asked for a water which I got an iced cold bottled one.

She then asked how I would like it, being a little nervous, I just stated I would like to kiss and go from there, so we french kissed and then she undressed.

She was a wearing a laced bikini which she undid, looked at her boobs and grabbed them up (never felt silicon before) , harder then usual breasts but still enjoyed holding them.

She cleaned my belend with baby wipes then got a BJ and then put on lube on it. I stated I dont

mind wearing a condom so she was happy with that. She then got on top (reason why I opted for this was because the baby wipes sting)

Soooo, she road me, then dogy style and could see each other in the mirror, she was very tight, I then got on top and drilled for 30mins then roatated the sex pattern till I came , she came 3 times , Had 15mins to spair but was too tired to continue , So thought Id go, but too my suprise she begged me to stay and said could we go again? I said I was happy but very tired and she got me another bottle of water , we chatted and she told me where she was from but I couldnt pronounce it if I tried. All in all very happy bunny.
