### The Lady:

Attractive in a girl next door sort of way, mid 20s, reportedly Italian-French but in appearance could be from anywhere up to 6 hours flying time east to south from London, slightly above average height, slim build, small - medium breasts with large areolae, excellent command of English - slightly accented but extremely articulate and she's evidently very intelligent which made for entertaining conversation.

### The Story:

Michelle got on my radar after reading a few reviews and going through her profile I had a strong hunch that our time together will be highly enjoyable. Once again my punter's instinct was to be proven correct and this was affirmed by the dynamics between us as soon as she walked into the room. In short it was the sort of performance which would put her in the upper echelons of Premier League of incall providers and I suspect if I'd booked her for longer it might have been a contender for the Champion's League.

The experience followed a slightly different path to others. Yes it started with the usual kiss which quickly became very passionate but she then unbuttoned my shirt and then the waistband of my trousers and kissed me gently downwards until she reached my groin whereupon she took me in her mouth. Once on the bed there was more enthusiastically delivered dfk alternating with tender ones all over my body and neck both back and front which had me quivering with pleasure.

One memorable highlight was when I was rubbing her gently between the legs, she grabbed my hand and started to suck my fingers. I assumed that this was a tactful way to get me to stop inserting my fingers but I was wrong - after a few seconds she led my hand back between her legs and put my fingers inside her.

With time running out, I gave her quick pounding in missionary accompanied by even more dfk and we concluded with owo cim. She then cleaned me up thoroughly with wet wipes and bade me

goodbye saying she hoped to see me again soon.
