The Lady:

Brit, 30 something, brunette, average height, slim, small bust, small landing strip between the legs, speaks like the stereotypical dumb blonde from the movies (punctuated with lots of ooohs, aaahs & ummms) but she isn't blonde nor dumb. Photos on her profile are definitely her.

The Story:

Lottie's routine is a bit different from other ladies in the HoD group apart from the initial kiss on the lips greeting. She licked my nipples a lot, performed rimming with me on all fours and her fondling me erotically, and there was lots of oral attention between the legs. There was also a fair bit of fk which she said she doesn't normally do despite what it says on her profile. Her stockings stayed on but apart from that, I was allowed unlimited access to her body and that included fingers. Owo was only in the final quarter of the session after my arousal levels were on overdrive and cowgirl was a quick in and out at my behest so I could say that I sampled it. The oral climax was earth shattering in its magnitude and seemed to go on much much longer than normal most probably an outcome of how much I was stoked up. Simply superb.
